

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Nerve Pills, and whose name is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache.

They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning.

They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Nerve Pills, and whose name is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

President and His Party Given a Great Reception At Charleston.

A NOTABLE BANQUET

Men Prominent In the Affairs of the State Display Their Regard For Chief Executive.

For Mrs. Roosevelt a Reception Was Given Not Equalled Since Antebellum Days.

Charleston, S. C., April 9.—The banquet tendered to President Roosevelt last night at the Charleston hotel was a fitting close to a day full of incidents and served to gather together men prominent in the affairs of state, having solely in mind a greeting to the president, which should prove the sincerity and the warmth of feeling existing for him as the chief executive of the nation. The banquet hall was a bower of roses, pinks and smilax, artistically arranged, while loosely strewn over the tables were thousands of violets. Over 300 specially invited guests were present. Mayor Smyth welcomed President Roosevelt to Charleston, whose response was listened to with the closest attention and interrupted by loud and continuous applause.

The president was followed by Gov. McSweeney, who prefaced his prepared speech by a few words in which he assured the president that he was as safe from bodily harm in South Carolina as he was in Washington. Capt. Wagener, Governor Aycock of North Carolina and several others made short addresses. It was midnight when the party broke up and as the president left the room he was cheered to the echo, not only by those who had attended the banquet, but by the large numbers who had patiently waited in the hotel parlors and outside to catch a glimpse of him. Upon arriving at his hotel he immediately retired.

This morning at 10 o'clock the parade moved to the exposition grounds, where the formal ceremonies were held, and the president presented a sword to Major Micah Jenkins. This afternoon the president's party will go to Summerville, and will spend Thursday there inspecting the tea gardens. A great crowd of people is in the city, and much enthusiasm has been shown at the presence of the president.

BRILLIANT RECEPTION

The First Lady of the Land Given a Southern Welcome.

Charleston, S. C., April 9.—Mrs. Roosevelt was the guest of honor last night at the most notable reception that has been given in this city in 40 years. It was held at the St. John hotel, which, as the "Old Mills House" as it is still called by Charleston people of the old regime, was in antebellum days the scene of many notable

social gatherings. Mrs. Roosevelt is the first president's wife to whom a reception has ever been tendered here. President and Mrs. Cleveland visited Charleston on Feb. 28, 1888, but Mrs. Cleveland was only here for a few hours. Presidents Washington, Monroe and Polk were unattended by their wives when they visited the city. Last night the ballroom was exquisitely decorated and was in keeping with the splendid toilettes of the 500 brilliantly gowned women who came to do honor to the president's wife. Mrs. Roosevelt and the ladies of her party occupied a dais and received the guests, who were introduced by Mrs. Andrew Simmons Jr. of this city. The reception began at 9 o'clock and lasted until after midnight.

Can Have the Pick.

Berlin, April 9.—If the United States wants an embassy building here it can have its pick among the most magnificent residences of the German capital. Since the offer to sell the Borsig palace to the state department at Washington for this purpose was published, the embassy has received tenders for more than 20 residences. Among these is an offer to sell the palace of Prince Von Pless, which adjoins the Borsig palace.

A ROYAL BIRTHDAY

King Christian at 84 Is a Merry Old Soul.

Copenhagen, April 9.—King Christian, who was born April 8, 1818, yesterday celebrated his 84th birthday, surrounded by his children and grand-

children. The monarch, who is well preserved in mind and body, entered keenly into all the festivities. Sixty members of royal families took part in the gaities, which included a reception at noon by the king, a family dinner and in the evening an entertainment with a concert by the singers of the Royal Theater. His majesty was the recipient of gifts from most of the royal personages of Europe.

Extensive celebrations of the king's birthday took place throughout Denmark, including military parades and feasting.

Fatal Wreck.

Cleveland, O., April 9.—The Indianapolis special on the Big Four road between Indianapolis and Cleveland was wrecked at 10:15 last night while running through Walworth run, a low-lying body of land on the west side of the city. Two trainmen are dead and three other trainmen hurt. No passengers were hurt. William E. McGrath, engineer, Cleveland, and Edward McNally, fireman, Cleveland were killed.

Mexican Tragedy.

Mexico City, April 9.—A southbound passenger train on the Vera Cruz and Pacific railway was boarded at Los Naranjos station by five men, who overpowered and killed Conductor Harris. The men jumped from the train and fled. A reward has been offered for their capture. The killing is believed to have been a case of private revenge.

Must Reduce the Rate.

Lansing, Mich., April 9.—The supreme court has affirmed the judgment of the lower court requiring the Grand Rapids and Indiana railroad to reduce its passenger fares in Michigan to 2 1/2 cents per mile in accordance with the general railway law which requires that rate from roads whose earnings exceed \$2,000 per mile.

Lo-King For a Flood.

Cumberland, Md., April 9.—Preparations are being made to meet a flood, which is regarded as inevitable. The fall of snow yesterday covered the ground to a depth of 18 inches at all points within a radius of 100 miles. A heavy rain is now falling. The creeks are torrents and the Potomac river is rising rapidly.

Texas Famine Relief.

Laredo, Tex., April 9.—A local commission firm yesterday shipped to the sufferers of Zapata county by way of ex-carts a donation of 2,067 pounds of flour, 764 pounds of beans and a quantity of sugar and coffee. It is expected that other shipments for the relief of the drought-stricken district will follow.

Students Lose By Fire.

Syracuse, N. Y., April 9.—St. Johns military school at Manlius, 10 miles east of this city, was destroyed by fire yesterday. The loss is estimated at from \$75,000 to \$125,000, exclusive of personal property of the students.

Spring Is Lingering.

Connellsville, Pa., April 9.—The deepest snow of the year has covered the coke region to a depth of 16 inches, and business of all kinds is nearly stagnated by the weather.

Deadly Fire.

Stockholm, April 9.—As a result of a fire in a factory here yesterday a wall of the building fell in, killing six persons and injuring eight others.

BOTH ARE DIVIDED

Neither Party Can Agree Upon Terms of Cuban Reciprocity Bill.

LINES OF CLEAVAGE

Vote On Motion to Commit Shows Just How the House Stands On Important Measure.

Vigorous Protest Made By Chairman of Foreign Relations Committee In the Senate.

Washington, April 9.—The first day of the debate on the Cuban reciprocity bill, which opened in the house yesterday, was disappointing from a spectacular standpoint. There were no sensational clashes after the debate was actually begun and none of the bitterness which was expected to crop out on the floor came to the surface. The vote on the motion to go on the committee of the whole to consider the bill, however, developed the lines of cleavage and showed that the Democrats are quite as much divided on the question as is the majority. In the division, which is regarded as practically a test vote on the bill, 113 Republicans and 63 Democrats voted for the motion and 41 Democrats and 39 Republicans against it. The vote was in reality more embarrassing to the Democrats than to the Republicans, as the members of the minority had called a conference for last night at which they desired to get together on a course of action. The vote forced the hands of the Democrats as individuals before the caucus. Mr. Payne, the Republican leader, opened the debate for the bill in a strong speech which commanded close attention from both sides of the house. There were only two other speeches. Mr. Newlands, a Democrat from Nevada, took the position that the concessions should not be made to Cuba unless she were invited at the same time to become a part of the United States.

Mr. McClellan, a New York Democrat, who was the last speaker, favored a 50 per cent reduction for the benefit of Cuba, but gave notice that if the rate of reduction was not increased he would vote for the bill. He contended that reciprocity was in line with time-honored doctrine, and that while Republicans might fear it, Democrats should not.

Ineffectual Caucus.

Washington, April 9.—After a conference last night three hours long the Democratic members of the house of representatives tabled a number of propositions which had been presented relative to the policy to be pursued on the Cuban reciprocity bill now before the house, and then adjourned without action on the subject. The result of the conference leaves each Democratic member free to exercise his individual opinion, and it is generally believed that this will result in the passage of the reciprocity bill.

IN THE SENATE

Mr. Cullum Protests Against the Exclusion Bill.

Washington, April 9.—A vigorous protest was made in the senate yesterday by Mr. Cullum (Ill.) against the passage of the Chinese exclusion bill in its present form. Coming from the chairman of the committee on foreign relations, the protest made a deep impression on the senate. Mr. Cullum, while expressing himself as in favor of the exclusion of Chinese laborers, said that many of the provisions of the pending measure were in contravention of our treaty obligations with China. He urged that the United States could not afford to ignore its solemn treaties, although he conceded the authority of congress to enact the proposed law if it saw fit to do so.

Mr. Patterson (Col.) and Mr. Perkins (Cal.) supported the pending bill, maintaining that in no way did it contravene existing treaties, as by the convention of 1894 China had agreed that Chinese laborers should be excluded from this country. The bill was drastic in its provisions, they admitted, but no more so than was necessary to eliminate the possibility of fraud.

Unlike Senate Bill.

Washington, April 9.—The house bill establishing civil government in the Philippines has been finally perfected by the Republican members of the insular committee and in its complete form was reintroduced by Chairman Cooper. There is little doubt that it will be reported to the house by the full committee. The house bill is unlike that of the senate in that it provides a complete form of civil government for the islands, to go into effect when the war terminates.

Will Hold Him Seven Years.

London, April 9.—Alfred Reynolds in the Old Bailey yesterday was sentenced to seven years imprisonment for forging an indorsement to a check of King Edward, sent by Sir Dighton Probyn, keeper of the king's privy purse, in payment of his majesty's harness bill.

The Last Spike.

Houston, Tex., April 9.—The last spike was yesterday driven in the International and Great Northern extension from Houston to Waco, and through service will be begun May 1.

CAPITAL GOSSIP

Our Indianapolis Correspondent Presents Timely Matters.

Indianapolis, April 9.—"Take Joel will be in the race, and don't you forget it." Joel, who was here last night, made this statement, and the men who heard it remark that he ought to know. Joel is running for the Republican nomination for treasurer of state, and he had just returned from a several days' trip, during which he talked to many delegates. He is perhaps the most optimistic candidate in the field, although he is not a well-known state politician. His friends say, however, that he has been making a good showing and will have a surprising strength in the convention. He is big and good-natured and if he doesn't win he says he thinks he will live through it. "But I don't see where any other candidate for treasurer," said he, "has any the best of me. Perhaps I am mistaken in my estimate of the situation. It's a hard fight and either of the candidates may win in the end, but just now I am thinking Joel has as good a show as any man." Joel is from Crawfordsville and he says he will have his district—the Ninth—solid.

The Commercial club primary commission held an interesting meeting here last night. The movement is already getting a state character and it looks as if much interest is to be taken before it is far advanced. Addison C. Harris, former minister to Austria, who is an enthusiast on the question of adequate primary election reform, is chairman of the commission, which is broadening in scope so that it is beginning to include representatives from throughout the entire state. The program last night consisted of an address by Vincent G. Clifford of Indianapolis on "The Practical Workings of the Joss Law"; M. A. Chipman of Anderson on "The Madison County Delegate System"; John L. Rupe of Richmond on "The Primary: Its Uses and Abuses," and Prof. Woodburn of the state university on "Party Politics and the Independent Voter." It is proposed that a state meeting to consider the question shall be held here soon. Both parties are expected to endorse the movement in their state platforms.

In one respect James Bingham of Muncie is the most remarkable candidate for position on the Republican state ticket this year. He is running for attorney general, and although he entered the race at a late day, he has hopes of winning. But the remarkable thing about Bingham is that he began the study of law when he was blind. E. H. Nebeker of Covington, the old war-horse of the Indiana G. O. P., who was here last night, vouches for the statement that Bingham has more energy than any other candidate who is now asking for a nomination of the Republicans of Indiana. "He was from my town originally," said Nebeker, "and I remember he started to study law when he was blind. His wife used to read his law books to him. He will be in the fight to the last, even if he did not enter until late." Bingham, who was here last night, is making a canvass of the state, and he said he has reason to feel hopeful that he is going to win out.

Merrill Moores of Indianapolis has perhaps made as wide a canvass as any of the Republican candidates for state office. He has been on the go for weeks and has about finished his itinerary. He broke all records for correspondence before he started out. He wrote nearly 100,000 letters in the interest of his candidacy. Moores was here for a short time last night and he is confident as are the other candidates that he will land the attorney generalship. Many politicians are inclined to the opinion that the race is between Moores and Miller of Goshen.

A Woman's Suicide.

Peru, Ind., April 9.—A strange woman died of morphine poisoning at the Tremont hotel yesterday. She and a man registered at the hotel the night before as J. Y. Young and M. Young of Oswego, N. Y. They retired to the same room. Yesterday a physician was called and the woman was found to be dying. Young said she had taken morphine. He did not report the fact until too late. Coroner Yarling is unable to find the woman's pocketbook. It contained a pawn ticket for two rings in favor of May Rockbaugh.

MAN FROM TEXAS

Commotion Created In An Indianapolis Hotel By Gun Play.

CROWD THINNED OUT

An Overjoyful Texan Got a Bit Mixed In His Latitude and Was Given a Calling.

Interesting News Notes From Various Sections of Hoosierdom Presented Here.

Indianapolis, April 9.—A man from Texas caused quite a commotion at one of the downtown hotels yesterday and frightened half a dozen of the hotel guests nearly to death. The Texan, who was a man of huge physique, entered the bar-room late in the afternoon and paid his respects freely to a big bottle of whiskey and was soon feeling in excellent spirits. His talk grew louder all the time and he began to tell of the way things are done in Texas. Things reached a climax when he drew a big gun from his hip pocket and began flourishing it in the faces of the bystanders. It took just about thirty seconds for all the people to get out of the bar-room, while the Texan looked around in astonishment. The bartender ducked behind the bar and the Texan was lord of all he surveyed. One brave man remained, however, and that was the hotel clerk, who calmly approached the happy Texan and induced him to put up the gun which had caused so much alarm, and explained that the people of this region were unused to such strenuous methods and that they would not be tolerated.

Haynes Murder Trial.

Danville, Ind., April 9.—The trial of Fred Cassaday and Frank Stewart, charged with the murder of Wilson Haynes at Coatesville last November, is under way in the Hendricks circuit court. So far the interest in the trial is not as marked as when Charles Hampton was tried a few weeks ago and given a life sentence for taking part in the murder.

Caught On the Track.

Kendallville, Ind., April 9.—Abe McDonald, 19 years old, was killed by a Lake Shore train while he was returning from Waterloo on a night freight. In attempting to alight from the moving train he struck a switch target and fell back under the train. His head was almost severed from his body, and one arm, one leg and his back were broken.

Green and Gaynor Declare They Are Safe From Pursuit.

Quebec, April 9.—John F. Gaynor and B. F. Greene, who are wanted at Savannah, Ga., for trial in the United States courts on charges of defrauding the government in contract work in that harbor, and who have been here for some weeks, say that they knew before they came to Canada that they could not be extradited under the present indictments, otherwise they would not have come here. Should they be extradited on new indictments, they say, they must be tried on these indictments, and in their opinion conviction could not be secured upon them.

Informed that Chief Wilkie disclaimed any effort to take the fugitives back and that the matter rested with the department of justice, Gaynor said: "I want Captain Greene to hear that," and he called Captain Greene over and made the reporter repeat the statement. "That don't look as if they were doing very much. If they are so sure they have us, why don't they do something? We are here ready to be taken back, why don't they come and get us if they can? Let them take us if they can. They can't do it, that's the reason, and they know that they can't do it."

Respite Granted.

Martin, Tex., April 9.—John Roan, a negro, was to have been hanged here at noon yesterday for criminal assault on a little white girl, but early in the morning the governor granted a respite. The prisoner was shipped out of town and the local militia was placed about the jail before the respite was read. It caused very bitter feeling. If the negro is returned here it is expected that trouble will occur.

Tunnel Under the Hudson.

Albany, N. Y., April 9.—The New York and Jersey City Terminal Underground Railroad company has been incorporated with a capital of \$100,000 to operate an underground tunnel railroad between the two cities named. According to the articles of incorporation the tunnel is to be constructed under the Hudson river from Jersey City to the Battery, the extreme southern end of New York city.

Some people are so suspicious that it is a wonder that they trust themselves.—Aitchison Globe.

How many mothers realize that when the baby's advent is expected they need strength for two instead of one. Women, weak, nervous, "just able to drag around," find themselves confronted with coming maternity. They have not strength enough for themselves, how can they have strength to give a child? We don't look for the birth of strong ideas from a weak mind. Why should we expect the birth of strong children from weak mothers?

The way to ensure health and strength to mother and child is to use Dr. Pierce's Favorite Prescription as a preparative for motherhood. It brings the mother's strength up to the requirements of nature, so that she has strength to give her child. It nourishes the nerves and so quiets them. It encourages a natural appetite and induces refreshing sleep. "Favorite Prescription" makes weak women strong and sick women well. There is no alcohol in "Favorite Prescription" and it is free from opium, cocaine and all other narcotics.

"I wish to let you know the great benefit my wife derived from taking your 'Favorite Prescription,'" writes Mr. Robert Harden, of Brandon, Manitoba, Box 35. "It was when her baby came. We had heard so much of your medicine that my wife decided to try it (I may say my wife's age was thirty-three and this was her first child). She commenced to take 'Favorite Prescription' five months before her child was born. We have a fine healthy girl, and we believe that this was mainly owing to the 'Favorite Prescription,' taken faithfully according to directions. We shall certainly recommend it wherever we can."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. B. V. Pierce, Buffalo, N. Y.

REPUBLICAN CITY TICKET.

For Mayor
ALFRED W. MILLS.
For Treasurer
THOMAS J. CLARK.
For Clerk
FRED EVERBACK.
For Judge
ABSALOM H. HOOVER.
For Marshal
ABRAHAM THICKSTEN.
For Councilmen.
2nd ward—
EDWARD L. HANCOCK
ALBERT D. ELDRIDGE.
4th ward—
HENRY P. MILLER
DANIEL M. HOSKINS
5th ward—
EDWIN E. DOANE
THOMAS M. STEWART.

Now is the time to subscribe for the REPUBLICAN.

The slated favorites all went through except in the First ward where Mr. Adams was chosen on his own individual record and strength.

The President is in South Carolina, but so far as reported Tillman is not at home. At least he is not receiving any attention from the people of his state at this time.

GREENSBURG is to have a democratic daily paper, published from the New Era office. Allen W. Clark, the once famous king of all the push, tried this same experiment but it was money out to him.

Mose Bauer made the ringsters rustle early and late in the First ward. His vote is highly complimentary under the circumstances. His support was a loyal personal following that could not be taken from him by fair means or foul.

The faithful democrats who believe every man should have an equal chance with the others in a race for office are asked to read the predictions of yesterday's REPUBLICAN and compare them with the results.

GEORGE REICH came out just as we predicted. He is a man, who stands high in the community, but his independence of thought and action do not suit the purposes of the ringsters. He was shown scant courtesy even yesterday.

THERE is another member of the Bruning family who had better give some attention to the Seymour ringsters or he, too, will be among the slaughtered. We refer to Henry Bruning who wants to succeed himself as county recorder.

THE Seymour Democrat will now be liberal in its praises of defeated candidates. It will say that Bud Pomeroy is a splendid fellow and made a great race and is in better position for the future than ever before, but—well we told you so.

JOHN REDDINGER made a fine showing of strength with the big "its" all against him. And Louis Bruning who has always been true and brought great aid to the party in every campaign was hardly treated with common decency.

MR. NICTER was slaughtered according to program. George Huber is making faces at him today. But Mr. Nicters' record is as clean, honorable and consistent as that of Mr. Huber. The order was issued to butcher him and it was done. The Democrat took his \$2.00 announcement fee and then told him he need not run.

BILLY HUMES has announced the democratic county primary for Friday April 11. Friday is a mighty unlucky day to nominate candidates for office. Looks like Billy is not looking to the good fortune of the candidates.

CONGRESSMAN GRIFFITH has another campaign scheme on hand. He has suggested to the people of Columbus that if they want a public building he is for it. None but the most devoted followers of the Vevay statesman are getting excited over the prospects of a new building at Uncle Sam's expense for Will Stevens' postoffice, but they admit that Griffith is a long-headed politician.

Special Notice.

There will be a special business meeting at the Christian church tomorrow (Thursday) evening at 8 o'clock. Let every member be present as there is important business to be transacted.

Expresses his Thanks.

I wish to express my hearty thanks to my friends throughout the city for their support and votes in the democratic primary yesterday which resulted in my nomination for city marshal. LON PREWITT.

You Might Trim Your Walls With Flowers.

—Real violets, roses, lilies-of-the-valley—almost any blossoms—and they won't be a bit prettier than the wall paper we have. Besides it would cost more, and be lots of trouble. We will put any paper you select on any room in your house and we will make no muss or bother. Papering has come to be such a science nowadays, and paper is so cheap, that people don't wait until spring cleaning. They change the paper on their walls. Whenever they get tired of it, or it is the least soiled.

We're at your disposal at anytime, go anywhere, and do all kinds of work from the cheapest to the finest.

SLATE MAKERS CROWD.

But Their Hilarity Intensifies Democratic Family Troubles.

The bosses won a decided victory in the democratic primary Tuesday. The conservative, self-thinking element of the party was shown no mercy whatever. The machinery was all in the hands of the ringsters so that there was little show for the candidates who did not have the O. K. stamp of the bosses. The defeated candidates now understand better than ever that their fate had been decreed in advance, and some of them are talking right out about it. Some things that are being said today by democrats are calculated to raise the temperature about the ears of the officious fixers up to the blistering point.

This same crowd will now endeavor to pacify those whose slaughter they planned and executed but that will be a big job, more than they can accomplish before May 6. Below is given the vote, which tells an interesting story:

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.
